

## Join us for exhilarating cycling adventures

Are you interested in joining a fast-growing group of experienced riders who are reimagining, reinventing and redefining social cycling?

Originating in Brent, the group now ranges across North West London - we organise London evening rides - the Chilterns, Watford and beyond.

We do 35-45 mile circular daytime road rides at weekends, with an average speed of 14 mph (a good bit faster on the flat).

We're not competitive. Nor are we a club. We're **fun, friendly** and **totally free**. An informal group.

To find out more, do drop **Matt** a line at:
